Response dated October 19, 2006
Reply to OA of **August 23, 2006**

REMARKS

Claim 3 has been amended in order to more particularly point out, and distinctly claim the subject matter to which the applicants regard as their invention. It is believed that this Amendment is fully responsive to the Office Action dated **August 23, 2006**.

At the outset, the applicants thank the Examiner for indicating that claims 1-10 have been allowed.

The Examiner has required a new, more descriptive title. Accordingly, the title has been amended to read: "FLUTTER-REDUCING DISK DEVICE".

The applicants respectfully submit that the amendments to the specification obviates the objection to the specification. Accordingly, withdrawal of the objection to the specification is respectfully solicited.

As to the Examiner's outstanding objection to the Abstract of the Disclosure, as indicated above, the applicants have deleted the current Abstract, and submitted herewith a replacement Abstract of the Disclosure in place therefor. The applicants respectfully request that the replacement Abstract of the Disclosure submitted herewith be approved by the Examiner.
